Dear Sir:

On February 5, 2009, the United States Patent and Trademark Office issued a Communication indicating that "[t]he brief does not contain a statement of the status of all the claims (e.g., rejected, allowed, withdrawn, objected to, canceled), or does not identify the appeal claims." Applicants submit, however, that this position is in error. Please note on page 2 of applicants' appeal brief, under the heading "Status of Claims", applicants indicate that "claims 27-47 and 49-71 are pending in the application". Applicants also state that these claims "are the subject of this appeal." In order for a claim to be the subject for an appeal, it certainly must also be rejected. Thus, applicants believe that they have satisfied the requirements of 37 CFR § 41.37(c)(1)(iii). Nonetheless, applicants submit the following restatement of the status of the claims to eliminate any issue therewith:

STATUS OF CLAIMS

Claims 27-47 and 49-71 are pending in this application. These claims have been rejected and accordingly are the subject of this appeal.

Please contact the undersigned if the Commissioner believes that the above-noted statement still constitutes a non-compliant appeal brief.

On December 19, 2008, an Appeal Brief was filed by applicants' outside counsel, Kevin W. Raasch, of the firm Muetting, Raasch & Gebhardt, P.A. Please disregard the Appeal Brief filed by Mr. Raasch and only consider the Appeal Brief filed by the undersigned on December 17, 2008.

Respectfully submitted,
